### **LEADING US IN WORSHIP**

Dear Friends,

It is with many mixed feelings that I write my final letter as your pastor. First, let me tell you what a blessing it has been for me to be here, being your pastor and truly having people who I call friends. Lakeside is a wonderful church with caring, gifted congregation members. God truly has a plan for Lakeside, and I pray Lakeside has the trust, courage and discernment to follow.

With that said, I pray these same things for myself. Many of you have asked what my next step will be. Where am I going? My answer is at the time of this writing - I really don't know. I said I have mixed feelings in leaving: 1) because I do love you guys and I have truly felt that back; 2) I'm going to miss seeing mom and Harlan on a regular basis; and 3) my heart pines for the mountains and my friends in North Carolina. It is hard to describe but I truly feel my place is in those mountains, and the long-term friends I've made there are my extended family.

As many of you may have noticed this past year was very difficult for those friends. It seemed like every other month I was going back for a funeral. It was frustrating not being able to be there with them. There's only so much a phone call can do.

With that said there is also another reality, I've got to have an income. I am casting a wide net for calls, especially in those mountains, from churches to non-profits. At the same time church member Ann Valentine recommended me to her church in Delhi, NY, which wants me to come and be their interim pastor.

Can you imagine this accent preaching from a pulpit in New York? Delhi is at the foot of the Catskill Mountains and is currently being covered in a blanket of snow.

As I leave Lakeside please know that I leave you in the very capable hands of Rev. Jack Noble. He is highly experienced and has done incredible work throughout his career. I pray you are a blessing to him as you have been with me. And this is not goodbye for I will be visiting mom and Harlan, and you'll most definitely see me in the pews with you.

Blessings,  
Beverly

## Deacons' Doings

**By Cathy Robinson, Moderator**

The new Board of Deacons has met and is looking forward to serving Lakeside this year. Each deacon will be contacting those in their parishes via mail, email, phone, or in person to introduce themselves and say "hello!"

Please keep in contact with your deacon to notify them of any changes to your contact information!

## Introducing Reverend Jack Noble

Jack Noble comes to Lakeside after nearly five decades of ordained ministry, having served as pastor in four distinctly unique congregations in a variety of community settings.

After growing up on a farm in California and receiving his undergraduate degree from Southern California College (now Vanguard University), Costa Mesa he continued his education at Pittsburgh Theological Seminary, Pittsburgh. He received his first call to become the pastor of Hope United Presbyterian Church, Plainfield, Indiana. There he served a small congregation in a suburb of Indianapolis for three years. From there, in 1974, he was called to serve the good folk of Calvary Presbyterian Church, Alexandria, Virginia. During his nearly ten years at Calvary he led the congregation to significant outreach to the surrounding community through a mentoring program with a neighboring school; additionally the church came to serve as a sheltered workshop for developmentally challenged adults; and started a second worship service. Further under his leadership the congregation became a key player in the establishment of the United Community Ministries, an outreach to areas of poverty in southern Fairfax County.

In 1982 Reverend Noble was called to serve Canyon Creek Presbyterian Church, Richardson, Texas. There he led the congregation to its most dramatic period of growth – doubling and tripling the membership. While there the church started a successful elementary school; instituted a third worship; increased the size of the staff; and undertook a major renovation project. Beyond those mileposts, the congregation took on the leadership in establishing two programs ministering to the poor in Dallas and Dallas County.

In the Fall of 1994 there was a call extended to become the pastor of First Presbyterian Church, Pompano Beach (better known in that community as the Pink Church). Across nearly twenty years there the congregation undertook four major building or renovation projects. Additionally there again the church established an elementary school.

After eighteen years, in 2013, Reverend Noble retired and in mid-2014 he became the interim pastor at First Presbyterian Church Tequesta/Jupiter. Upon the call of a new pastor he left the position there in mid-2016.

## 2017 Per Capita is \$32.24

Per capita is a set amount of money per member that congregations pay to the PC(USA). Because every Presbyterian shares in the benefit of the PC(USA) system of government, the expenses associated with coordinating and performing the functions of that system (the presbytery, the synod, and the General Assembly) are also shared.

Traditionally, Lakeside requests that each member pay their per capita apportionment in addition to regular giving.

## A Message from New Pastor

Dear Friends,

*Words fail me to express my great joy of becoming your Missional Pastor. My prayer is that this will be a joyful and enriching time in the life of your community at Lakeside. In speaking with both your search committee and with your Session I believe that your beloved faith community is poised to carry out significant ministry in what is sometimes called the SoSo area of West Palm Beach. And I am enormously grateful to be a part of that with you.*

*It has been my great joy over the past 45 years (WOW! Does that sound like a long time?) to serve as pastor in four remarkable congregations. These have covered the gambit in terms of attendance and number of congregants and in relation to "types" of faith communities and their settings. Consequently, I believe that together we can accomplish great things for the Kingdom.*

*As we move into the future I understand that we are facing some challenges. Yet, with that said, I believe with every fiber of my being that we can move through them to a worthy outcome...as Scripture might say.*

*I am looking forward to our work together, beginning March 1. As I said when I was with you, it will take some time, but the greatest joy is in getting to know you and serve with you. In the meantime I am with you in great joy and anticipation.*

Your friend,

Jack

**Property Committee Report**  
**Submitted by Ken Woodcum**

The plans for the bathrooms are in the permit process.

The next Church Workday will be **April 1<sup>st</sup>**. The intended focus will be to relocate the material in the “Abyss”.

There are several locks that need to be repaired, the front south east sanctuary door, the door to the minister’s balcony and the east door to the C.E. room. Wilson and Rowen will be contacted.

Cassidy replaced some worn belts upon their quarterly inspection.

A new battery has been installed in the defibrillator located in the narthex.

The first aid kits which were made up several years ago need replacing. Three should be purchased and placed in the nursery, the narthex and in the room next to the pulpit.

The Property Committee has agreed to meet on the second Sunday of the month after the worship service.

There was a conflict of meeting time between painting class and Classical Conversations. The contract with Classical Conversations was examined and their time goes to 1 PM. Betty Hudson has agreed to change the starting to 1 PM.

An issue has been identified with the fence adjoining our western parking lot and the fence at 122 Edmor Road. The fence is in approximately 2 feet over the property line. Harlan and Ken Woodcum spoke with the property owner. We agreed that moving the fence would be impractical. The owner has agreed to sign a statement indicating that the indicates that the fence is encroached on our property. Some of the parking curbs are against the fence. The owner has agreed to have the curbs moved so that vehicles cannot strike the fence. One of our member’s car received overspray when the fence was being finished. The owner has agreed to pay for the damage.

*“Give generously to him and do so without a grudging heart; then because of this the Lord your God will bless you in all your work and in everything you put your hand to.” Deuteronomy 15:10*
